PHILIPS

Kettle
1.7 liter 2200 W, Brushed metal

HD9326/21

Highlights

4 pre-set hot drink buttons

The pre-set temperature settings of 80, 90, 95 and 100°C will ensure that the basic ingredient for your tea, instant coffee, soup or noodles is at the temperature you like.

Keep warm function

You do not need to re-boil your water continously anymore. The keep warm function ensures that the water is kept warm at the right temperature for the selected preset.

Robust metal kettle

Robust metal kettle with brushed stainless steel body is made to have a long lifetime.

Flat heating element

The stainless steel concealed element ensures fast boiling and easy cleaning.

Anti-calc filter

Removable anti-calc filter for a clean cup of water and a cleaner kettle.

Easy lid and spout filling

The kettle can be filled via the spout or by opening the lid.

Spring lid

Spring lid with large opening for easy filling and cleaning, also avoiding steam contact.

Cord winder for easy storage

The cord can be wrapped around the base, so that the kettle is easy to place in your kitchen.

Pirouette 360° center connector

Cordless 360° pirouette base for easy lifting and placing

Water level indicator

Easy to read water level indicator

Four-way safety system

Four-way safety system against short circuit and boil-dry, with auto switch off when boiled or when lifted from the base.
